SUMMARY

Middle+ Fullstack Developer with 6 years of professional experience building enterprise web, mobile, and cross-platform systems. Strong in TypeScript, React, Next.js, Node.js, NestJS, PostgreSQL, and system design. Currently at VIETIS delivering Japanese school-management/OCR and ERP accounting/reporting products; prior work includes Viettel and Naver projects and mentoring 8+ engineers.

WORK EXPERIENCE

Fullstack Developer | VIETIS | Mar 2026 - Present

Japanese School Management & OCR Assessment Platform

- **Student & Teacher Management:** Built features for student and teacher administration.
- **OCR & Identity:** Fixed OCR exam scoring issues and resolved Keycloak authentication and authorization issues.
- **Tech:** Next.js, React, TypeScript, NestJS, OCR, Keycloak.

Enterprise ERP Accounting & Reporting Platform

- **Reporting & Export:** Developed business-rule-driven reports, file export, and document-generation workflows.
- **Tech:** TanStack React, TypeScript, C# backend.

Software Engineer / Team Leader | Blameo (Outsourcing for Viettel Group) | Jun 2022 - Present

- **Leadership:** Led and mentored 8 engineers; established technical interview and mentorship practices.
- **Delivery:** Refactored Node.js services, reducing API latency by 50%; built KPI and Viettel Cloud features with React, TypeScript, and Node.js.

Software Engineer | CMC Global | Oct 2021 - Jun 2022

- **Cross-platform:** Delivered video conferencing across Vue.js web, Electron desktop, and React Native mobile; implemented RTC synchronization.

Frontend Developer | NTQ Solution | Oct 2020 - Oct 2021

- **Mobile products:** Built core features for a React Native low-code app-generation and e-learning platform.

SKILLS

- **Fullstack:** TypeScript, JavaScript, React, Next.js, Node.js (NestJS/Express), React Native, Vue.js, Electron.js.
- **Backend & Data:** PostgreSQL, SQLite, Realm DB, Keycloak, OCR assessment workflows.
- **Delivery:** Docker, Jenkins, GitLab CI/CD, GitHub Actions, Nginx, AWS, Linux/Ubuntu.
- **Leadership:** System Architecture, Team Mentoring, Technical Interviewing, Agile/Scrum, CI/CD design.

TITLES AND AWARDS

May 2023 Employee of the Year - Blameo Company
